RE: Letter of Reference for Lori Goldberg

To Whom It May Concern:

It is my great pleasure to write a letter of recommendation for visual artist and teacher, Lori Goldberg. This past summer I contracted Lori to do an artist talk and teach a four-day acrylic painting workshop at the 32nd Annual Island Mountain Arts Summer School of the Arts in Wells, BC. The workshop was very well attended and received and I hope to bring Lori back up to teach again.

One student commented that it was the best workshop that she had ever taken at the school and that she was very impressed with Lori's skill as an artist, as well as her ability to teach extremely effectively. Every student in the workshop gave Lori a ten out of ten for her teaching skill and said that they would recommend the workshop to their friends.

From an administrative perspective, Lori was a pleasure to work with and fulfilled her role as presenter and teacher with the utmost professionalism, enthusiasm and integrity. I was also very impressed with her extensive artistic career, which she presented during her artist talk and slide show. She is an artist who, though predominantly a painter, is always challenging herself and exploring new artistic arenas, which revealed the breadth and depth of her skill and creative spirit.

I would highly recommend Lori Goldberg as a teacher, presenter and/or exhibiting artist.

Please feel free to contact me if you have any questions.

Yours truly,

Julie Fowler
